ENCLOSURES NO. 3

General No. 187 —7

No. 5

Submitted for the sanction of the Chief Commissioner to the construction of the road connecting Kampur Road with that of Bangalore - Doddballapur for the reasons explained in Mr Ricketts letter, copy of which, with enclosures, is forwarded - RJ

Put up with the papers to Mr Ricketts

22 2/77

Under the circumstances detailed, the tender may be accepted, and the sanction sought accordingly -

The Comm may be asked to call on the Deputy Commr to report fully at once, & mark the case, hereafter, for occasion to comment any work that has not been sanctioned, and to exercise control

Under the circumstances detailed in Mr Ricketts letter of the 21st instant, the tender submitted by Syed Ahmed Sahib may be accepted, and the sanction sought accordingly -

The Commr may be asked to call on the Deputy Commr to report fully at once, & mark the case, hereafter, for occasion to comment any work that has not been sanctioned, and to exercise control

The Census papers submitted by Mr Saddler have been returned - The project has a large amount of curves & gradients which would be objectionable in the hilly parts of the road - I am therefore in favour of Mr Ricketts project, & would adopt the latter, because it carries the road through Doddaballapur, where the Deputy Commr resides, & where the principal Government Treasury is situated, & where the Deputy Commr can most conveniently supply the people with labour -

I submit this for the sanction of the Chief Commr - as he has objected to the line

The Estimate may be sanctioned

RJ 24/2

Sanction has been accorded under the circumstances detailed, the tender may be accepted, & the usual amount of Security required for the due completion of the Estimate - Mr Saddler should be informed that the Chief Commr considers that the Deputy Commr should be consulted in the matter of the alignment of the road, & that the Estimate should be submitted for sanction before the work is commenced

Commissioners office
Mundy Droog Division
Bangalore 21st February 1877

To

The Secretary to the Chief Commr.
of Mysore, Duffer Department.

Sir

With reference to your Docket no 116 of the 11th ultimo regarding the Construction of the road connecting the Simpur Road with that of Bangalore-Doddballapur, I have the honor to forward herewith for the early and favorable consideration of the Chief Commissioner Copy of a letter from Mr. Ricketts, in which that officer explains his reasons for having commenced the work without previously obtaining the Chief Commissioners formal sanction, and having myself recently inspected the line on two occasions, I can affirm that there is no doubt with regard either to the utility or convenience of the Road in question.

† with enclosures.

2. In adverting to para 2 of the Docket under reply, it would appear from the last para of Mr. Ricketts letter that the only work remaining to be done is the Construction of one large tunnel, and I would therefore request early sanction for the same with a view to the speedy completion of the work.

I have the honor to be
Sir
Your most obedient servant

J. Wilson
Commissioner

No 1160

Bangalore Dy Commrs office
Bangalore 9th February 1877.

From

L. Ricketts Esquire
Offg Deputy Commr
Bangalore District.

To

Colonel J L. Pearse
Commr Bundy Road Dn

Sir,

I have the honor to acknowledge receipt of your memo no 1130 dated the 9th ultimo forwarding for early report certain observations of the Offg. Chief Commissioner with regard to an estimate for constructing a road connecting Lompur Road, with the Bangalore-Doddballapur road.

2. Censure is passed upon myself by the Offg. Chief Commissioner for commencing the said work without sanction, and for unauthorizedly raising the estimate from Rs 3384 to Rs 4558 for the purpose of treating it as a relief work.

3. As regards commencing the work without sanction, I submit that at the onset it was necessary to start relief works at once, and it appeared to me that no work could be better for a commencement than the project under reference, which had been delayed in execution for want of funds for years past, & which Sir Richard Meade personally informed me, he approved of, and which to the best of my recollection, he subsequently during my absence in the Mysore Division directed Captain Hayath to see carried out.

4. Mr Kemp met me at Doddballapur, and the work was properly set out, and it seemed to me that it was fortunate that a fairly large relief work could

be set in hand at once which possessed the merit of having been carefully prepared, and of having virtually an unquestionable utility not only in making the improvements of Woodville but in some respects also in improving the sanitary condition of the town.

5. To get formal sanction before starting the work would necessarily have delayed the commencement for many month, and in the meantime I should have had to begin with some other work which in the end would have nearly possessed the merits of this particular project.

6. It is true that after beginning had been made the application for formal sanction might have been even made; but this arose from misapprehension on my part as to the procedure that was to be adopted regarding these relief works.

7. I respectfully submit that I can be charged to have unauthorizedly raised the estimate seeing that the raised estimate was the only one I sent in, and this was originally my estimate. If I had altered a sanctioned estimate without authority the case of course would have been different.

8. I raised the rates inserted by the District Engineer of the two small items because weavers were working on the road. The large item of increase in gravelling was to provide for the general gravelling of the road and which was not contemplated when the estimate was originally prepared. This gravelling was provided so as to give extended employment to the poor able bodied and to weavers, and of such a nature that the work could be properly tasked by measured heaps.

9. I beg to state that this project has been nearly completed. It has given work to numbers, and in some measure obviated the necessity for Government expenditure at a Kitchen.

10. The main work remaining to be done is to the large tunnel. The foundations of the same have been dug to hard soil, and materials such as brick, lime and stone, have been collected. I would urgently and particularly request that this work may now be carried on to completion; as it will enable the road to be utilized at once, and further give employment to some artizans who, equally with others, are much pinched at present.

11. The enclosures of your memo under reply are herewith returned.

I have &c

stated by the Commr.

3. The balance which
remained on the 9th March 77

Section LB
File No 21476
Serial No 6

Memo

Road connecting Sompu road with the Bangalore – Dod Ballapur Road near the 22d mile

The above work was commenced by Mr Ricketts in January 1877 as a Relief Work without previous sanction, and although not quite suited for purposes of relief, 2/3ds being masonry work an Estimate for Rupees 4550/ was sanctioned by the Chief Commissioner on the 5th March 77, on the recommendation of the Comm.r and the Dy Comm.r

Vide Pro: No. 413 dy 5th March 77

2. At the instance of the Dy Comm.r the Comm.r now submits for sanction a Supplemental Estimate amounting to Rs 670 for the completion of a tunnel on the road in question. In the "report" on the Estimate the Dy Com.r states that in the original Estimate

"provision was made
for a tunnel of 11 vents,
"but this having been found
insufficient on account
"of the waterway, 2 vents had
"to be added and the foundation
"of all the tunnels had to be
"deepened more than what
"was originally provided for.
"The present Estimate has
"been framed on account
"of the above works as also
"for executing other works
"which are necessary to
"complete the tunnel."
The Comm. offers no
opinion of his own.

3. It is not stated
whether the work for
which a supplemental
Estimate is now submitted
has already been completed,
but it can be inferred
from the expressions underlined
in the above para that
it has been partially com-
pleted and that some
portion of it is still in
progress. If the work
has been duly completed,

funds have now to be provided for, and the question is whether they should come out of Famine grants. There can be no doubt that the work (Tunnel) did not contribute towards the relief of the distressed people and on this ground Famine funds cannot be rightly applied but But of the expenditure cannot be otherwise met, sanction will have to be accorded as a special case to be debited to Famine Relief. The Comm: may be asked to point out the sources from which the charge can be met, and report if it is not possible to defray it by reappropriations from District Funds grants

Instr. Subm: to Ch Com:
6/9 Govt to decide whether approp:

approp^{n} is to be made from Famine funds or ordinary sources I propose to ask the Com^{rs}. (1) if the work is completed if it was carried out by famine labour or ordinary petty contract workmen. unless Ch Com considers that, as the misc estimate, though admitted for a work that was not altogether suitable for relief, was sanctioned & approp^{n} made from Famine funds, this suppl. estimate, which is clearly for an excess that was during construction found necessary, may be treated in like manner

W.L. 8/9.

I think under the circ^{s} it may be sanctioned as a Famine work from Famine funds.

No. 261

Commissioner's Office
Mundigroog Division
Bangalore 6th September 1878.

To
The Additional Secretary
to the Chief Commissioner of Mysore
Famine Department.

Sir

I forwarding the accompanying supplemental Estimate amounting to Rupees 670. received from the Deputy Commissioner of Bangalore for the completion of a tunnel on the road ohened from Bangalore Dod Balahur road to join the Kolar Pombur road via Dod Balapur I have the honor to mention for the information of the Chief Commissioner that the work was commenced as a relief work by Mr. Ricketts as far back as January 1877 in anticipation of sanction.—

2. When the proposal was submitted in the first instance, it was returned un-sanctioned by the Chief Commissioner who disapproved of the Dy Commissioners proceedings in commencing the work without sanction, and in raising the amount of

the estimate unauthorizedly from Rs. 3.84 to Rupees 4,558. —

3- The estimate was however resubmitted with an explanation from Mr. Pickett, and in according sanction, the Chief Commr. again observed that Mr. Pickett should abstain from recommending any work of this character, two thirds of which consisted of masonry tunnels requiring skilled labor, and which therefore could not adequately afford relief to the distressed classes. —

4- I beg to enclose, in original, for ready reference the correspondence which has passed on the subject. —

The original estimate is also enclosed for reference. —

I have the honor to be

Proceedings of the Chief Commissioner of Mysore, Famine Department,
13th December 1878.

No. 3858, DATED BANGALORE, 13TH DECEMBER 1878.

ORDER.—The Chief Commissioner is pleased to direct the discontinuance of fortnightly condition report

2. The interim or season report from Districts will be sent in as usual, but after that for the week ending 7th December, these reports should be addressed to the Secretary, General Department

3. The monthly return of orphans in each District will also be addressed in future to the Secretary, General Department.

4. Civil relief works being all closed, the authority to incur any expenditure under that head is withdrawn. With the following exceptions no expenditure may be incurred on gratuitous camp relief or gratuitous village relief, and Deputy Commissioners are desired, where such has not already been done, to submit final accounts under these heads and report the balances, which will be resumed.

5. The exceptions alluded to are—

Bangalore Pettah Relief Hospital
Túmkúr Relief Hospital.
Mysore Siledar Lines Relief Hospital,

in which establishments sick paupers may still be treated gratuitously.

6. The returns from these hospitals, which must be sent in as usual, are to be also addressed to the Secretary, General Department.

7. All officers will take particular notice that, except the establishment necessary for the above hospitals, no extra establishment on account of famine work, or paid from the famine grant, may be hereafter retained without special orders of the Chief Commissioner.

Sir,

In his letter of the 9th ultimo No 1866 the Executive Engineer B.W. A. Division has notified that in January last the Disbursement of the Bengal Dept has incurred an expenditure of Rs 101-14-. under the head Ordinary for opening a road from Dodballi pass to join the Kolar-Somsur road altho the work was sanctioned from the Famine Relief Grant

The Disbursement now says that the sum of Rs 101-14-. above referred to was spent out of the appropriation made for the work in Chief Comm's Pro No 3266 d/ 14th Octr/78.

Obs, by para 4 of the Chief Comm's Pro: No 3858 d/

13th Decr 78 all the Civil Relief works were closed & the authority to incur expenditure under that head was withdrawn the Dr Commr should not have incurred the expenditure from the Famine Relief grant, & if funds were required to complete the work, the Chief Commr's sanction should have been obtained to treat the work as "ordinary".

Submitted for orders.

21/5.
